

Loved You Before

Natalie Taylor

Wish away
When you sleep
I'll be here
While you dream
You know

I love you, I love you, I love you, I do
I've loved you before I even knew you
I love you, I love you, I love you, I do
I've loved you before I even knew you

Just for now
It's you and me
I'll sing to you
Until we meet
You know

I love you, I love you, I love you, I do
I loved you before I even knew you
I love you, I love you, I love you, I do
I've loved you before I even knew you

When you breathe for the first time
When you see for the first time
When you love for the first time
I'll be here

'Cause I love you, I love you, I love you, I do
And I've loved you before I even knew you
I love you, I love you, I love you, I do
And I loved you before I even knew you
I loved you before I even knew you
