

Uptight

Natalie Walker

Hush
You're talking nonsense
I'm going nowhere
We are a storm sometimes
Hey
Let me touch you
No need to feel uptight
I don't wanna fight tonight
Come here
Warm me up inside
It's wrong
We can make it right
Stay in
Babe it's snowing
Your heart
Need to know that
I don't wanna fight tonight
Come here warm me up inside
It's wrong
Let me make it right
Stay here
We'll hold each other tight
To keep
The love we want in sight
It's wrong
Let me make it right
You're uptight
Let me make it right
I don't wanna fight tonight
Come here warm me up inside
It's wrong
Let me make it right
Stay here
We'll hold each other tight
To keep
The love we want in sight
It's wrong
Let me make it right
You're uptight
Let me make it right, right
