

Yall Will Realize

Natas

"And this is the way....we rock the house"

[CHORUS]

"And in case you forgot"

"Y'all will realize"

"And in case you forgot"

"Y'all will realize"

"And in case you forgot"

"Y'all will realize"

"And in case you forgot"

"Y'all will realize"

[Mastamind]

Bring that ass to me and I'mma blasphamy all through your city

With the N-I-N-E milli just incase you wanna kill me

Till we mess up once again I'mma show you what your life's worth

I might hurt your whole crew and leave a lot of bloody turf

Many a times I write these rhymes, I'm startin to think that I

Could die and come back and haunt your ass with every blink of the eye

Just incase you forgot, last time around the block

My shot gun said blast a lotta fools got shot

[CHORUS]

[Esham]

Many people know me as the unholy ressurect shit

Straight bullet eject shit, 45 slug connection

You musta forgot my body rots, my maggot brain

I bring the pain plus the migraine

N-A-T-A-S, many people stress, mental stress

Suicidal thoughts when peep get depressed

My brain is a mess, triple 6 the crippled bitch

My style is parapolegic, I swallow bullets can you believe it?

Cause its like that

[CHORUS]

[TNT]

Incise you forgot, incise you lost touch nigga

I reach out and touch niggaz with chrome plated triggaz

Who's dick bigger? Bet you the bitches figure me

The motherf**ker, the bitch killa TNT

I slit throats, I take coach like Max Julians

I'm down with Natas, they labeled me a hooligan

Whip out my tool again, f**k you with my steel dick

I nut slugs real quick, once the hammer clicks

[CHORUS]
