

# More Of Me

Natasha Bedingfield

I was always searching for a reason  
Never knew that taste of freedom  
I knew that there was some more than just what I was seeing  
But it was so hard to believe it

Then somehow you brought out a strength that was deep down  
Let it out

Now I got my eyes open and wide  
My heart burnin' like fire  
Feels like I'm so alive  
I'm never going back  
Whatever I want now, I'm gonna chase  
Who I am I can't contain it  
I'm not gonna hold it in  
'Cause there's more of me to give  
There's more of me to give

I can feel the sunlight shining through me  
There's a beautiful world under my feet  
It's all mine, its time to soak it all up  
Full speed, can't keep it bottled up  
Feel my spirit, let it run wild

Then somehow you brought out a strength that was deep down  
Let it out

Now I got my eyes openin' wider  
My heart burnin' like fire  
Feels like I'm so alive  
I'm never going back  
Whatever I want now, I'm gonna chase  
Who I am I can't contain it  
I'm not gonna hold it in  
'Cause there's more of me to give  
There's more of me to give  
Oh yeah

There's no limit we can be  
Everything we're meant to be  
I'm seein' it all through different eyes  
For the first time  
Larger than life

I got my eyes openin' wider  
My heart burnin', like fire, yeah

Now I got my eyes openin' wider  
My heart burnin' like fire  
Feels like I'm so alive  
I'm never going back  
Whatever I want now, I'm gonna chase  
Who I am I can't contain it  
I'm not gonna hold it in  
'Cause there's more of me to give (oh yeah)  
There's more of me to give
