

Bad Memory

Nate Smith

Like I'm a town you never go back to
Like I'm a Maker's Mark mistake
Like I never even had you
And I heard you talk about me that way
You act like we're strangers every time I see ya
Yeah, I swear your heart's got amnesia

If you can't remember that song that we danced along to
Under that streetlight on repeat
Forgot the way that it felt the night that you said we were meant to be
Did you erase from your mind, your lips on mine in that summer heat
If you think we had it so bad, then baby you have a bad memory, yeah
A bad memory

Go on and try to ignore me
But that won't get you very far
You've got your side of the story
But you left out the best parts

If you can't remember that song that we danced along to
Under that streetlight on repeat
Forgot the way that it felt the night that you said we were meant to be
Did you erase from your mind, your lips on mine in that summer heat
If you think we had it so bad, then baby you have a bad memory

In the rain we were soaking wet
Running to the car, we were loving it
Oh, I can still see your silhouette
Stealing a hit from a cigarette, yeah
Is that a bad memory

You act like we're strangers every time I see ya
Yeah, I swear your heart's got amnesia

If you can't remember that song that we danced along to
Under that streetlight on repeat
Forgot the way that it felt the night that you said we were meant to be
Did you erase from your mind, your lips on mine in that summer heat
If you think we had it so bad, then baby you have a bad memory

In the rain we were soaking wet
Running to the car, we were loving it
Oh, I can still see your silhouette
Stealing a hit from a cigarette, yeah
Is that a bad memory
A bad memory
