

# Gave It All

Nate Smith

Was it not enough?  
Oh, everything we built, it fell apart  
You left me here with no beat in my heart  
Oh, 'cause I gave it all to you, gave it all to you

You're just like water  
Slipping through my fingers, are you bored of us?  
'Cause I poured my heart, was everything you thought I was  
Caught between the memories of love and lust, watch 'em turn to dust

Tell me when the winds had changed  
When you didn't feel the same, same  
Million ways to run away  
Give me one to make you stay, stay

Was it not enough?  
Oh, everything we built, it fell apart  
You left me here with no beat in my heart  
Oh, 'cause I gave it all to you, gave it all to you  
Darlin', are we done?  
'Cause after this, I won't trust anyone  
You left me here with no beat in my heart  
Oh, 'cause I gave it all to you, gave it all to you

I cut some corners  
I worked so hard to please you, but you want too much  
My dollar couldn't keep you, yeah, you spent my love  
I'm paying for the pieces that you left, I'm hollow in my chest, oh

Tell me when the winds had changed  
When you didn't feel the same, same  
Million ways to run away  
Give me one to make you stay, stay

Was it not enough?  
Oh, everything we built, it fell apart  
You left me here with no beat in my heart  
Oh, 'cause I gave it all to you, gave it all to you  
Darlin', are we done?  
'Cause after this, I won't trust anyone  
You left me here with no beat in my heart  
Oh, 'cause I gave it all to you, gave it all to you

Was it not enough?  
Oh, everything we built, it fell apart  
You left me here with no beat in my heart  
Oh, 'cause I gave it all to you, gave it all to you  
Darlin', are we done?  
'Cause after this, I won't trust anyone  
You left me here with no beat in my heart  
Oh, 'cause I gave it all to you, gave it all to you
