

I Found You

Nate Smith

What if I didn't sit down that night at the bar
What if I wasn't half-buzzed enough to take a shot in the dark
And say hello, what's your name
What if we didn't stay out so late
What if I let you be the one that got away

'Cause I was a train wreck in a dive bar, going nowhere in this town
I wasn't ready, wasn't looking for a reason to stick around
I thought this wild heart of mine was meant to run 'til the end of time
Out on the loose, that was almost true
Then I found you

What if I didn't let the walls come down that night
What if I just went home instead of laying it all on the line
I took a chance, on the spot, asked you to dance in the parking lot
Oh, don't wanna think about, think about where I'd be now

'Cause I was a train wreck in a dive bar, going nowhere in this town
I wasn't ready, wasn't looking for a reason to stick around
I thought this wild heart of mine was meant to run 'til the end of time
Out on the loose, that was almost true
Then I found you, baby

I wanna feel this feeling forever
Whoever I am, you're making me better

I was a train wreck in a dive bar, going nowhere in this town
I wasn't ready, wasn't looking for a reason to stick around
I thought this wild heart of mine was meant to run 'til the end of time
Out on the loose, that was almost true
Then I found you
I found you
