

I Like It

Nate Smith

I like it like that
She pour another shot and now we goin' back to back
I asked her if she wanted to dance, she like yeah
Tomorrow's gonna hurt baby, I ain't even mad
I like it
I like it
I like it like that

She pour another shot and now we goin' back to back
I asked her if she wanted to dance, she like yeah
Tomorrow's gonna hurt baby, I ain't even mad
I like it
I like it
I like it like that

Twenty dollars feelin' like a million
Stackin' up these bottles to the ceiling
Said she ain't the type to get attached
I like it like that

They gon' make it double 'cause they know me
Everywhere I go a little smokey
Said she ain't the one for movin' fast

I like it like that

She pour another shot and now we goin' back to back
I asked her if she wanted to dance, she like yeah
Tomorrow's gonna hurt baby, I ain't even mad
I like it
I like it
I like it like that

I like it like that
I like it like that

Now she got her hands up on my Levis
Talking 'bout how she live on the east side
Windows down and radio on blast

I like it like that
Ooh baby
There's something special 'bout the way that you move, baby

I like it like that

She pour another shot and now we goin' back to back
I asked her if she wanted to dance, she like yeah
Tomorrow's gonna hurt baby, I ain't even mad
I like it
I like it
I like it like that

I like it like that
I like it like that
