

# Wreckage

Nate Smith

I don't mean to be guarded, I don't mean to be rude  
I don't mean to just shut you out, it's just what I've been used to

My heart got calloused, I don't wanna make that excuse  
It's hard but you're worth it, I just wanna be good for you

I'm a little damaged, but damn you saw the good  
When everyone saw baggage, you loved when no one could  
Laying in this bed beside you, I don't have to hide away  
You see all the wreckage, and it wrecks me that you stay

When I get lost in my own head, you always tell me the truth  
And girl you find me right where I am, you're the one thing I can't lose

Baby you're my hero, I ain't scared to say that out loud  
You're teaching me to trust again, erasing all my doubts, yeah

I'm a little damaged, but damn you saw the good  
When everyone saw baggage, you loved when no one could  
Laying in this bed beside you, I don't have to hide away  
You see all the wreckage, and it wrecks me that you stay

You put all the shattered pieces back together, made them better

You saw what I could be through all the pain

I'm a little damaged, but damn you saw the good  
When everyone saw baggage, you loved when no one could  
Laying in this bed beside you, I don't have to hide away  
You see all the wreckage, yeah  
You see all the wreckage, and it wrecks me that you stay  
And it wrecks me that you stay
