Way Too Long

Nathan Dawe

Really wanna call you
But if I called you up, would that be wrong?
It's funny how I loved you
Then suddenly you're nothin' but a song

Summer in the back of your car
Singin' Drake in the dark
I've been reminiscin' 'bout our love
I can't help but think about ya
And the way that it was
I wish I could let go of us

It's been way too long
Oh woah-oh-oh, it's been way too long
Oh woah-oh-oh, oh, oh (no, no) woah-oh-oh
It's been way too long
Oh woah-oh-oh, it's been way too long (it's been way too long)
Been way too long, oh
Since you've been gone (ah)

Where have you been? Have you found another lover
Better than me? I hope you don't forget all
All the things, all the love, promises, tables turned
And now it's her

Sitting in the back of your car
Singin' Drake in the dark
I've been reminiscin' 'bout our love
I can't help but think about ya
And the way that it was
I wish I could let go of us

It's been way too long, come see me, please
She said it's way too long, she can't handle me (Haha)
I know you're a good girl, be bad for me (Bad)
My money pretty like Anne-Marie (Pretty man)
Don't want one wife, tryna marry three (Woo)
Forget quality, I want quantity (More)
If you done me wrong, don't bother me (Don't)
Forget sorry, no apologies
Ah, I like your style, could you wine for me?
Yeah, do that same dance as Cardi B (Bardi)
I can't lie, man, I need your girl (Haha)
No, I'm jokin', I need a deal
Or even Mabel's good for me
Just fun, no label, that's good for me
Who's the chick I need? Mmm
It's Jade from Little Mix for me, what you sayin', B?

It's been way too long
Oh woah-oh-oh, it's been way too long
Oh woah-oh-oh, oh, oh woah-oh-oh
It's been way too long
Oh woah-oh-oh, it's been way too long (Oh, ooh)
Been way too long, oh
Since you've been gone

Summer in the back of your car
Singin' Drake in the dark
Oh, it's been too long
I can't help but think about you
And the way that it was
Baby, I should let go of us, oh

It's been way too long (ah)
Oh woah-oh-oh, it's been way too long (it's been way too long)
Oh woah-oh-oh, oh, oh (no) woah-oh-oh
It's been way too long
Oh woah-oh-oh, it's been way too long (yeah)
Been way too long, oh
Since you've been gone

Summer in the back of your car
Singin' Drake in the dark
Oh, it's been too long
I can't help but think about you
And the way that it was
Baby, I should let go of us, oh
Ah, ooh-ooh ooh

Oh woah-oh-oh, it's been way too long
Oh woah-oh-oh, oh, oh woah-oh-oh
It's been way too long
Oh woah-oh-oh, it's been way too long
Been way too long, oh (it's been way too long)
Since you've been gone (it's been way, way, way too long, no)
Oh woah-oh-oh, it's been way too long (yeah)
Oh woah-oh-oh, oh, oh woah-oh-oh (it's been way too long)
Oh woah-oh-oh, it's been way too long
Been way too long, oh (been way too long, ooh, since you've been gone)
