

100 Miles

Nathan Evans

I don't know, but I've been told
True love waits forevermore
Like first bloom in melting snow
You'll be waiting for me at home

Remember back on the pact we made
She said if we went separate ways
And even if we're both old and grey
We'd find each other again someday

So here's to you, my love
It's written in the stars above
My heart is yours, your heart is mine, my love
I would walk a hundred miles
To see the morning in your eyes
My heart is yours, your heart is mine, my love

And now the nights are getting cold
So, darling, I am used to hope
I don't know, but I've been told
True love waits forevermore

So here's to you, my love
It's written in the stars above
My heart is yours, your heart is mine, my love
I would walk a hundred miles
To see the morning in your eyes
My heart is yours, your heart is mine, my love (my love)

Oh, ooh, ooh, my love
Oh, ooh, ooh, my love
Oh, ooh, ooh, my love
Oh, ooh, ooh, my love

And one day we'll miss those times
When I held your heart and you held mine
Think about what we'll leave behind
'Cause now it's time to say goodbye

So here's to you, my love
It's written in the stars above (oh, my love)
My heart is yours, your heart is mine, my love (oh, yeah)
I would walk a hundred miles
To see the morning in your eyes
My heart is yours, your heart is mine, my love
