

# Guestlist +1

Nathan Evans

She's cooler than cool and hotter than hot  
She's smarter than smart, got brains and an arse, yeah she got the lot  
Every guy she go by, is coming on strong  
She's buddy and freak, model and queen, all rolled into one

She got qualifications and then some  
While I made my friends in detention  
But she know that I'm on the guestlist  
I'm on the guestlist plus one  
She got a top job, I got XBox  
She wanna dance not just on TikTok  
She wanna fly, baby, let's take off  
'Cause I'm on the guestlist plus one  
(I'm on the guestlist plus one)  
(I'm on the guestlist plus one)  
(I'm on the guestlist plus one)  
That's why she's coming along

She got qualifications and then some  
While I made my friends in detention  
But she know that I'm on the guestlist  
I'm on the guestlist plus one  
She got a top job, I got XBox  
She wanna dance not just on TikTok  
She wanna fly, baby, let's take off  
'Cause I'm on the guestlist plus one  
  
I'm on the guestlist plus one  
I'm on the guestlist plus one

We're dancing all night, yet we're nothing alike  
We're playing BFs, I'm trying my best, don't care if she lies  
We made us a deal, say we're faking the feel  
But it isn't enough, we check in the club and party for real

She got qualifications and then some  
While I made my friends in detention  
But she know that I'm on the guestlist  
I'm on the guestlist plus one  
She got a top job, I got XBox  
She wanna dance not just on TikTok  
She wanna fly, baby, let's take off  
'Cause I'm on the guestlist plus one  
(I'm on the guestlist plus one)  
(I'm on the guestlist plus one)  
(I'm on the guestlist plus one)  
That's why she's coming along

She got qualifications and then some  
While I made my friends in detention  
But she know that I'm on the guestlist  
I'm on the guestlist plus one  
She got a top job, I got XBox  
She wanna dance not just on TikTok  
She wanna fly, baby, let's take off  
'Cause I'm on the guestlist plus one

I'm on the guestlist plus one
