

Hollywood

Nathan Evans

Life isn't always Hollywood
And TV shows
It ain't no easy
On this side of the road

I promise you darling
We're gonna make it, yeah
We're gonna make it, mmm
To the other side of the road
Yeah, to the other side of the road, mmm

Just me, this guitar and you
Together we'll travel the world
Visit places we ain't ever been to
See sight we ain't ever seen
We'll eat in a fancy restaurant
We'll eat five course meals
Drinking as much champagne as we like
Live when we feel, cause baby

Life isn't always Hollywood
And TV shows
It ain't no easy
On this side of the road, yeah
On this side of the road, oh yeah
On this side of the road, mmm
Life isn't always Hollywood
And TV shows
It ain't no easy
On this side of the road
