YOU.

Nathan Evans

I've been watching you dance all night long
In those five inch heels to your favorite song
Baby, I just want to get to know you more

Baby, why don't you come over, take a seat
Sit down here right next to me
Maybe we can get to know each other more

I like the way you dance and I like the way you smile
I like the way you dress; let's make this night worthwhile
And maybe we can dance the night away

Let's not think too much about it, let's just go
See where we end up, the silence and the unknown
All I know is this is something special

Your eyes, your hair, the way you look
You're neat and you've got me hooked
You know exactly what you're capable of

I like the way your eyes sparkle in the light
I like the way your hair smells when you hold me tight
Maybe we can dance the night away

Ooh...
