

Getting Lost

Nathan Sykes

I been scared to say love
Cause I don't wanna waste love
And I don't wanna hate love
So maybe we embrace love (Maybe we embrace love)

I don't wanna waste time
So maybe in the meantime
We could have a good time
Like we did the first time

There I go
Getting lost on you
There I go
Getting lost on you
There I go
Getting lost on you
There I go
Getting lost on you

Getting lost on you
Getting lost on you
Getting lost on you

Getting lost on you

Getting lost on you
Getting lost on you
Getting lost on you

I've been feeling so low (I've been feeling so low)
Thinking you could let go (Thinking you could let go)
I'm wondering if you know (I'm wondering if you know)
Everything we have is gold

There I go
Getting lost on you
There I go
Getting lost on you
There I go
Getting lost on you
There I go
Getting lost on you

There I go
Getting lost on you
There I go
Getting lost on you
There I go
Getting lost on you
There I go
Getting lost on you

Getting lost on you

Getting lost on you
Getting lost on you
Getting lost on you

Getting lost on you
