

There's Only One Of You

Nathan Sykes

Some say our love was just made to burn
But I could write a book about how much it hurt
It's not our fault life got in the way
Now I'm just a stranger I knew yesterday

They say theres one chance you get
They say theres one life you live
But theres only one you
Don't want to think about it right now

I'll put this love in a bottle
And I'll go to the beach
Lose this pain and sorrow as it flows out to sea
And if it's you, if it's you, if it's you
You'll come back to me
But for now I'll be right here with the memories
Just look at me now
I've got reasons to smile
'cause the birds gonna sing
And the rains gonna fall
And the sun will shine
Just look at me now
I am free to fly
But there's only one of you
And you're just what i like

No I don't wanna lose my mind
My hearts in a suitcase waiting for another flight
No I don't wanna be in the gutter gutter gutter
Just laying there feeling all sorry for myself

They say theres one chance you get
They say theres one life you live
But theres only one you
Oh don't want to think about it right now

I'll put this love in a bottle
And I'll go to the beach
Lose this pain and sorrow as it flows out to sea
And if it's you, if it's you, if it's you
You'll come back to me
But for now I'll be right here with the memories
Just look at me now
I've got reasons to smile
'cause the birds gonna sing
And the rains gonna fall
And the sun will shine
Just look at me now
I am free to fly
But there's only one of you
And you're just what I like

They say there's one chance you get (oh yeah)
One life you live (oh you say there's)
One chance you get (baby)
One life you live (oh..)
One chance you get (you say there's)

One life you live (but there's only one you) oh

I'll put this love in a bottle
And I'll go to the beach
Lose this pain and sorrow as it flows out to sea
And if it's you, if it's you, if it's you
You'll come back to me
But for now I'll be right here with the memories
Just look at me now
I've got reasons to smile
'cause the birds gonna sing
And the rains gonna fall
And the sun will shine
Just look at me now
I am free to fly
But there's only one of you
And you're just what I like

I said there's only one of you and you're just what I like
I said there's only one of you and you're just what I like
