

I Remember

Nathaniel Bassey

It's so easy to forget the victories of the past
And focus on the trials of the moment
It's so easy to complain and talk about the pain
And forget His goodness and His mercies

But when I look over my shoulder
To see how far You've brought me
It's so clear You have been faithful all along
So I will not hold back my worship
Even through the raging storms
I will open up my mouth and give You praise

I remember, remember Your goodness
I remember, remember Your love
I remember, remember Your faithfulness
I remember, remember Your grace

Nah, nah, nah
Nah, nah, nah

If it wasn't for your grace
That stepped into my space
And turned around my ugly situation
I was lost and far away
But then You came my way
How can I forget how You have saved me

Sometimes life can be so busy
And sometimes overwhelming
That we take our eyes away from all You've done
But this boy that you have lifted
Out of darkness into light
Will never cease to testify of You

I remember, remember Your goodness
I remember, remember Your love
I remember, remember Your faithfulness
I remember, remember Your grace

I remember, remember Your goodness
I remember, remember Your love
I remember, remember Your faithfulness
I remember, remember Your grace

I no go forget o
(How You love me so)
