

Jesus Jesus

Nathaniel Bassey

Who is the King of Glory
The double-breasted one
The one whose throne is high
Higher than every other throne
He is the mighty warrior
The one who conquer death
And make the open show
Of principalities and power

Jesus (Jesus), Jesus (Jesus)
The song of heaven
Your name fills the earth
We cry out your name
Jesus (Jesus), Jesus (Jesus)
My joy and passion
Your Love covers me
We worship your name

Who is the morning star
The glory of my days
The one who shine so bright
And darkness cannot comprehend
You are my rescuer
The lifter of my head
The one who took my pains
So I can stand victory

Jesus (Jesus), Jesus (Jesus)
The song of heaven
Your name fills the earth
We cry out your name
Jesus (Jesus), Jesus (Jesus)
My joy and passion
Your Love covers me
We worship your name

There is no other name that I know
There is no other name that can save me
There is no other name that can heal
There is no other name we can trust

Jesus
The song of heaven
Your name fills the earth
We cry out your name
Jesus, Jesus
My joy and passion
Your Love covers me
I worship your name
We worship you right now
And we bow before your throne
Your name is exhortated far above the heaven
