

Shekinah Glory

Nathaniel Bassey

There is a wind that is sweeping across all the earth
Can you feel it?
There is a river of life flowing down from the throne
Can you see it?

There is a sound of the shofar from heaven to earth
Can you hear it?
There is a glory that is being released in our day
Can you see it?

Shekinah glory is revealed
Revival fire is burning

The glory is here
Can you see it?
The river is here
It is flowing

These are the days of God's glory

Our generation is rising in power and grace
Are you ready?
We are the remnant and those who have chosen to live by the spirit
We will not bow to the God of this world and will not feast from His table!
We are the ones who will follow the Lamb where He goes forever

Shekinah glory is revealed
Revival fire is burning
Shekinah glory is revealed
Revival fire is burning

The glory is here
Can you see it?
The river is here
It is flowing

The glory is here
Can you see it?
Revival is here
Can you feel it?

The glory is here
Can you see it?
The river is here
It is flowing

The glory is here
Can you see it?
The river is here
It is flowing

The glory is here
Can you see it?
Revival is here
Can you feel it?

The glory is not coming

It is here
And all eyes will see it
The glory of the Lord has risen upon you

Our generation is rising in power and grace
Are you ready?
We are the remnant and those who have chosen to live by the spirit
We will not bow to the God of this world and will not feast from His table!
We are the ones who will follow the Lamb where He goes forever

Shekinah glory is revealed
