

There Is A Sound

Nathaniel Bassey

There is a sound
That is rising from this nation
There is a praise
That is roaring from this land
We are the sons
And the daughters of the Father
Ready to show
For the fullness of His Grace

There is a sound
That is rising from this nation
There is a praise
That is roaring from this land
We are the sons
And the daughters of the Father
Ready to show
For the fullness of His Grace

Now is the time
To reveal the life of Jesus
Shinning the light
And the beauty of our God
There's no retreat
No surrender from the battle
We overcome
By the shout from our mouth

Now is the time
To sing the song of praise
Now is the time

To speak the word of faith
Right now is the time
To take the stand and say
That Christ is King and Lord of all
