

# Don't Get Too Close

Nathaniel Rateliff

We been round, all angry and crying  
Well its how much can you yell  
And hey, then, while I've been outside  
Well I stand and I wait and bend  
Well I am never in  
Well you get filled in when they sold  
It took two to be right

They say we don't come any closer  
It was something I want you to see  
Yeah we don't come any closer  
When you're weak a ya bend at the knees

They sent me out for all I could tell  
They wont be there oooh aaa-at the hill  
When you want me it could not have been boy  
What ya want what ya cannot pretend for  
They said oh I'll let em bend at a crawl around  
They got my heart, they settled down  
Must be the dawn, cus they barking now

They say we don't come any closer  
It was something ya couldn't see  
Yeah we don't come any closer  
When your weak boy ya bend at the knees

Well I got pain, and I'm gonna salt it now  
And with ma mouth, I've got so much I could send or  
Even fall out and then pretend  
You get lonely and I gave in

They say we don't come any closer  
Yeah we don't come any closer  
When you're weak boy ya bend at the knees
