

# I Did It

Nathaniel Rateliff

Oh nah baby don't you do it wrong  
I did it (I did it)  
If I crack don't let it keep it going  
I did it (I did it)  
Break my back work my own  
If I lie don't do me wrong  
I did it (I did it)

Come on baby don't you make me wake but  
I did it (I did it)  
If I fall I feel so weak  
I did it (I did it)  
Break my back say my name  
Don't be crash don't be claim  
Oh now baby why won't you shake and scream  
I did it (I did it)

She said maybe your just lazy  
Not even trying I'm doing like I want you to  
I did it (I did it)

Come on baby I know your lazy  
Not afraid but you can't turn out like I want you to

I did it (I did it)
