

# Remember I Was A Dancer

Nathaniel Rateliff

The simple ways I never see  
It always seems to drift from me  
All the things that I'm trying to be  
I just want to see some movement  
To take me a little out of here  
Some kindness or maybe, maybe I just don't care

I say umm umm, wouldn't it be nice to see me getting somewhere  
Mmm mmm, I ain't growing at all  
Mmm mmm, take me out and put me down in the moon light and tell  
me

Say baby... could you pick me up and spin me around  
Say baby... maybe I'll remember how to smile  
Say baby... we can make it up as we go

Sometimes I start to feel like I'm breaking through  
A new breath, a way to see  
Is it humanly possible or even true  
I'm just up against a wall and I want to be free  
Well with untied hands well what could one be

I say mmm mmm, it's a rhythm can lift you somewhere new  
Mmm mmm, I want to feel the wave of change  
Mmm mmm, yeah lets go out and find it tonight

Say baby... could you can pick me up and spin me around  
Say baby... maybe I'll remember how to smile  
Say baby... we can make it up as we go

Remember I was dancer  
In a life that's so long ago  
I could try to put out the fire, once it's gone man there's only  
smoke

Remember I was dancer  
Remember I was dancer  
Remember I was dancer
