

Try Happy

Natiruts

Try Happy (Yeah)
Life's better with a smile on your face
Try Happy
Let your worries all fade away
Try Happy (Yeah)
Rise up like the sun every day
Try Happy
Either way we're gonna be okay

See the blue sky always clear
When the clouds all disappear
Everything you need's right here
For you, for you

Try Happy (Yeah)
Leave the sadness off of your soul
Try Happy
You'll feel better when you let it all go
Try Happy (Yeah)
Let the stress go out with the smoke
Try Happy
You can change the world all on your own

See the blue sky always clear
When the clouds all disappear
Everything you need's right here
For you, for you

Try Happy (Yeah)
A alegria está no seu coração
Try Happy
A verdade pura dessa canção
Try Happy (Yeah)
Deixa a tristeza ir embora de vez
Try Happy
Você pode ser feliz outra vez

See the blue sky always clear
When the clouds all disappear
Everything you need's right here
For you, for you

Try Happy (Yeah)
Rise up like the sun every day
Try Happy
Either way we gonna be okay
