OVERJUSTme~~
OK?
HEY, TAXI!

Want you kiss me?
I'm in the DRESSING ROOM

GIVE ME WEEKEND
OVERJUST
OK?
HEY, TAXI!

Want you kiss me?

Want you kiss me?

I want to dance on a cellular level
I'll dance some crazy steps, my honey
Hey, I want to have a great dream
GIVE ME WEEKEND
Straight down this road, and a little to the right
Everyday the speed I walk gets slower
For me OVERSIZED clothes suit me JUST right~~
Is it OK to give in to the desire for approval right at the end?
Come on, let's leave this boring world to itself
Let's just bunk off
HEY! TAXI! Step on it, to the highway
Come on, we need an innate spinal response pronto, baby

Let's move at a speed that can't be matched
Want you kiss me? Let's dance barefoot
Come on, let's move at a speed that can't be matched

Let those indigestible words melt in your head
I'm in the DRESSING ROOM

Even though I am loving you at the cellular level
I've gone a bit crazy, right my honey?
I'm having great dreams right now
GIVE ME WEEKEND
Just like a tin plate moved by love and hate
Let me dance a bit more, my honey
For me OVERSIZED clothes suit me JUST right~~
But seriously, no jokes, I'm going crazy in bed, OK?
That was so unfunny I saw three tumbleweeds roll past
Let's just bunk off
HEY! TAXI! Step on it, to the highway
Come on, we need a Pavlovian response pronto baby

Let's move at a speed that can't be matched
Want you kiss me? Let's dance barefoot
Come on, let's move at a speed that can't be matched
I need a fire to be lit under me

Unsteady on my feet, in a corner of the night
It is uncertain but it continues
I don't understand, it can't be helped. It's up to you, all of it.
We can't go back, it can only end

Let's move at a speed that can't be matched
Want you kiss me? Let's dance barefoot
Come on, let's move at a speed that can't be matched
Let those indigestible words melt in your head

Ugh, I'm so sick of all these fools
We don't have a choice anymore, right?
The words 'I love you' may end up being a lie
It's ridiculous. The night is about to begin again.
