

# Keep The Customer Satisfied

Naturally 7

I saw you standing there  
Like you were waiting for me  
I see you everywhere  
So tell me what's your story  
What I can I say  
I've got points to score  
Searchin' for notes  
What can I play that you ain't heard before  
Just to impress you  
I aim to please  
Got to address you  
Playin' to your concerns and needs

And I say  
If you don't like what you see on the menu  
Then tell me, tell me what you want  
If you don't like what you see, lets change the venue  
Tell me what you need  
We're simply switchin'  
I'm the chef in the kitchen  
And I know just what your thinkin'  
I can give you what you're wishin'  
Just tell me that you're sure  
And I'll give you more and more and more

I keep my customer satisfied  
Keep your customer satisfied

Have you been here before  
I know it feels familiar  
But it's a slight detour  
You're dying from suspense but this won't kill ya  
What can I do to get a second glance  
Ain't nothin' new under the sun  
You've got to feel it to dance  
Don't hesitate to  
And then let's connect the dots  
I'll elevate you  
Then let's take it up a notch

They say the customer's right  
But I can guarantee  
You think you know what you want  
But I know what you need

And we only have one secret  
We keep the customer satisfied

Tis
