

# Music Is the Key

Naturally 7

People, have always been singing  
To wipe away tears, to ease all the pain (oh)  
Music, has always been healing  
Some people just sometimes, and others again and again  
and again  
So we hope that today you are ready, to understand

Whenever you're falling down  
Hopeless and pushed around  
Find your own melody  
Trust me that music is the key  
It makes you feel proud and strong  
Helps you to carry on  
If you are down on your knees  
You should sing it with me  
Music is the key  
(sets you free, yes)

Stories, we've always been telling  
Its part of our nature to speak with a friend  
So we hope that today you are ready, to understand

Whenever you're falling down  
Hopeless and pushed around  
Find your own melody  
Trust me that music is the key  
It makes you feel proud and strong  
Helps you to carry on  
If you are down on your knees  
You should sing it with me  
Music is the key

It's the key to the heart of all people  
It can open the door to your soul  
It's the key to the world  
where the flower of love always grows  
don't you know  
don't you know

Whenever you're falling down  
Hopeless and pushed around  
Find your own melody  
Trust me that music is the key  
Whenever you're losing faith  
Just wanna leave the place  
Come sing along with me  
Trust me that music is the key  
Just sing with me loud and strong  
Help us to carry on  
If you are down on your knees  
You should sing it with me  
Music is the key  
Sets you free  
Music is the key
