(just, go on home and turn down that music)  
Fuck that we having fun (Turn, I want the music turned off)  
Ain't nobody doing nothing, ain't nobody doing nothing (right now!)

See them on Orange Street looking ta get broke fiending in dope, looking to

Just pound the sound don't worry now 'cause they found Illtown

(This is car number 5-0  
We have no control over the situation  
We are now dispersing  
We advise the Mayor be moved immediately  
My God, at least 1500 people are marching straight for City Hall)

The party can't quit it's been plan, bought cop's hunt and man's sport  
They scam sports while Illtown and Newark stand fort

We don't wrestle and fools don't disrespect us

They don't want ta get pulled inside-out from their assholes and lassoed  
We just break down and boogie oogie oogie  
A shout out ta Ski, Steve Pedro, Gutta and Mookie

We're on a mission to keep pou people hoppin and hippin instead of trippin  
Even if the city won't give us permission  
Listen now, party's mo' butter now, better not fuck around and try ta shut u
