Sucker motherfuckers better call me SIRE  
To burn my Kingdom, there ain't enough FIRE  
I won't stop rockin cause I won't re-TIRE  
Under the sheet, boricua heat, a street fleet, with missile seekers  
Cause G.I. Joe's a John Doe, ass beat with some street sweepers  
Hold the heaters, want a war? Bless the butcher  
Glad to meet you MOTHERFUCK THAT, nice to mush ya  
The twenty and twenty the bottles the bottles  
of beer of beer on the wall on the wall  
The twenty and twenty the bottles the bottles of, beer!  
Now if the one of the one bottles of bottles of  
happened to happened to fall  
we'll bring the rock with hip-hop, and YES YES Y'ALL  
So I asked some-motherfuckin-body who breed's the bangest?  
Car jackers with clappers or star rappers with street flamers!  
Here's a smoker yeah the Newport that you bought  
Wanna hear this bump from New City, New Guinea to New York!  
(Niggy what?!)

My radio believe me, I like it loud  
I don't care if you don't like it cause it draws a crowd  
And if you wanna find me one-eighteen is the block  
My first name Vinnie, the last name ROCK (ROCK)  
But don't you come around unless you got a boombox  
to add on to the sounds that we already got  
We don't be trippin or flippin we concentratin on rhymes  
Never snitchin or bitchin or perpetratin no crime  
Kay-Gee and Treachery's both down with me  
The illest on the mic since Run-D.M.C.  
Whether urban or top 40, Naughty, thought we'd resurrect the

epileptic seizures (AHH!) Takin our time just to  
guarantee we'll please ya -- the wait is over  
so call up with your request it's been a good long while
