

# Aqualung

Nause

Aqualung, we were young  
Dancing through the water  
Like we could turn the tide  
Just you and I  
We always survive  
Crash into each other  
Like when two waves collide

Well please don't let me drown  
Suffocating, water  
Deep water, deep water  
And if you drag me down  
Aqualung breathe harder  
Breathe harder, breathe harder

Aqualung

Put the anchor down  
Deeper under ground  
Lost in endless ocean  
Where no one can be found  
Drifting into blind  
Floating on our backs  
We ignore the warning, the red flag

Well please don't let me drown  
Suffocating, water  
Deep water, deep water  
And if you drag me down  
Aqualung breathe harder  
Breathe harder, breathe harder

Gonna swim for my life  
Gonna swim for my life  
Yeah  
Please don't let me drown  
Gonna swim for my life  
Gonna swim for my life  
Yeah  
Please don't drag me down

Further and further and further we go  
Deeper and deeper we're lost in the storm  
Yeah, yeah  
Gonna swim for my life  
Gonna breathe for my life  
Aqualung

Gotta, gotta, gotta  
Swim for my life, swim for my life  
Yes I gotta swim for my life, swim for my life  
I'm gonna swim for my life, swim for my life

Gotta, gotta, gotta  
Swim for my life, swim for my life  
Yes I gotta swim for my life, swim for my life (Aqualung)  
I'm gonna swim for my life, swim for my life

Gotta, gotta, gotta  
Swim for my life, swim for my life  
Yes I gotta swim for my life, swim for my life (Aqualung)  
I'm gonna swim for my life, swim for my life  
Gotta, gotta

Gonna swim for my life  
Gonna swim for my life  
Yeah  
Please don't let me drown  
Gonna swim for my life  
Gonna swim for my life  
Aqualung  
Aqualung  
Please don't drag me down  
Please don't drag me down  
Aqualung  
Gonna swim for my life  
(Further and further and further we go)  
Gonna swim for my life  
(Deeper and deeper we're lost in the storm)  
Yeah, yeah  
Gonna swim for my life
