

I got myself together
And no, you ain't a friend of mine
Don't be no more tears for you know
You see, Im moving on fast
finally got the pass,
gonna leave this thing behind.
You cut deep, but you don't see
you don't care, you don't bleed.
You blowed my mind like dynamite
you go boom, boom, boom.

You cut deep, and now I know
sweet sweet words were all for show.
The fuse is set, the dynamite
it goes Boom, Boom Boom.

There will be no more retribution, no
so you better no waste your time.
I don't miss your arms around me.
I put my hands in the fire
when it burns me once,
I don't need it for a second time.

You cut deep, but you don't see
you don't care, you don't bleed.
You blowed my mind like dynamite
you go boom, boom, boom.

You cut deep, and now I know
sweet sweet words were all for show.
The fuse is set, the dynamite
it goes Boom, Boom Boom.

it goes Boom, Boom Boom.
it goes Boom, Boom Boom.

I wish we'll end up this crazy
way before we burn our steam
I don't want to sound defeat it
But if you still don't get it,
you'll never gonna get it.
how could you be a friend of mine?

You cut deep, but you don't see
you don't care, you don't bleed.
You blowed my mind like dynamite
you go boom, boom, boom.

You cut deep, and now I know
sweet sweet words were all for show.
The fuse is set, the dynamite
it goes Boom, Boom Boom.

Boom, Boom Boom.
Boom, Boom Boom.
Boom, Boom Boom,
