

Addicted To The Fast Life

NAV

I'm addicted to the fast life
I was broke, now that's my past life

I got a diamond necklace, diamond bracelet (Yeah)
Bad bitch, ass done, fake lips, fake tits
She told me, "Slow down", 'Rarri speed-racing (Yeah)
It's time to glow now, no more being patient

I'm addicted to the fast life (I just wanna go fast)
I don't know who I fucked last night (But I know she had a ass)
I was broke, now that's my past life (Left that bullshit in the past)
Blow a check, I got my cash right (Spendin' all this cash)

I've been blowin' cash, I been smokin' gas
I just took a half, I gave the other half to Cash
Remember when I rang her down, and she ain't call me back
Now when I'm in my city, bitches don't know how to act
This famous shit feel wack now, gotta trace my tracks now
Cameras on attack now, bitches sneakin' snaps now
Try me, you get clapped, we in the club without a pat-down
Told 'em not to worry, body still won't put the MAC down
X to the O, snipin' hoes, designer clothes, bags of, dope
Lambos, Rangers, Roves, lots of gun smoke
When the fast life stress me out, the drink make it slow

Diamond necklace, diamond bracelet
Bad bitch, ass done, fake lips, fake tits
She told me, "Slow down", 'Rarri speed-racing
It's time to glow now, no more being patient

I'm addicted to the fast life (I just wanna go fast)
I don't know who I fucked last night (But I know she had a ass)
I was broke, now that's my past life (Left that bullshit in the past)
Blow a check, I got my cash right

Smoke inside my ride, pull up to the vibe
Red all in my eyes, screamin', "Fuck the other side"
We winnin', you can't lie, yeah, we certified
I ain't scared to die, screamin', "Fuck the other side"
I just bumped into a bitch I fucked the other night
She said "hi" and I said "bye", yeah, I'm laughin' while she cryin'
I been gettin' money, runnin' out of shit to buy
But there's lots of drugs to try, get codeine and get some Sprite
Turned the studio to a trap, left the Rex and I ain't goin' back
Where the crack and all the straps at? It wasn't cool to wear a knapsack
In the hallways playin' Blackjack, skipped class, never passed math
Teachers that said I wouldn't be shit, they linin' up with a bus pass

Diamond necklace, diamond bracelet
Bad bitch, ass done-, fake lips, fake tits
She told me, "Slow down", 'Rarri speed-racing
It's time to glow now, no more being patient
