

I'm a baller
Get in my car, you look up, you see stars
I'm a baller
People start runnin' when they see us from afar
I'm a baller
Jumped off the bench and I turned into a star
I'm a baller
Anywhere I go with my gang, they know who we are
I'm a baller

Solitary stones, my ring ain't got no flaws
I'm a baller
Keep my mouth closed, I ain't repeatin' what I saw
I'm a baller
I keep me a gangsta bitch that's cool with the dogs
I'm a baller
Soon as I hop off a jet, I'ma hop in her jaw
I'm a baller

Walk around, too much money on me, I don't need a clip
But I'm walking with so much jewelry on, gotta keep me a stick
I'm a baller
I don't gotta use my tongue when I be hitting the lick
I just be playin' dumb, but really I'm smartin' den bitch
Really the way I be ballin', I should be sponsored by Spaldin'
I just be coaching my team like I'm really runnin' the offense
There ain't no contest when I dunk
It's a ten out of ten
Thank God we ain't kickin' doors no more, we already in

I'm a baller
Get in my car, you look up, you see stars
I'm a baller

I'm a baller
Soon as I hop off a jet, I'ma hop in her jaw
I'm a baller

I'm really tapped in, everywhere I go, they show me love
I'm gettin' packs in, everywhere I go, I need my drugs
Big engine, but the trunk is where I put the motor
My life feel like a dream, I need codeine in my soda
I'm a baller
Stay with my gang, I stay with my guys, I'm puttin' my pride to the side
I don't take drugs from strangers
I be the only one gettin' me high

Bitch, I be ballin', I'm in a Maybach, you can't even see through the tint
I don't take nothin' with me when I die, so I ain't tryna keep it mint

I'm a baller
Get in my car, you look up, you see stars
