Do ya deed
(Wheezy outta here)
She get to the nut like a sunflower seed
That pussy wet, thought that lil ho done pee'd
Dumb head, I don't think she can read
Gotta head ache, give this bitch some Aleve
Soaking wet, she compete with the sea
This gas strong like a nigga ate cheese

Big cats, no kitty litter (Kitty litter)
Choppa bullets make ya body wiggle
2-2-3's look like pointy nipples
On our Glocks, FN, we some horny niggas (Horny niggas)
Know some niggas that eat food, sausage McGriddle
This clip long that's a Glock with a pickle
These straps laugh if I give them a tickle
I'm in her mouth like some skittles
I bust in her mouth and she with it (Bust in her mouth)
Who can catch a nut first? I'm the winner
This bitch tappin' out, she a quitter
This ho having thighs like chicken dinner
Yeah, like a DJ, I'ma spin her

I cook up and then I fuck her to beats
She left her juices on my Vetements tee
Wet pussy, Malcom I'm in the middle
Skin flute shorty, making it whistle
Sticks long, got a strap on a shoulder
Stroke strong when she bending it over
Horror movie, I be making her scream
Baker man, I fill her pie with my cream
Make it vanish, she a throat GOAT
She got no reflex, she can't choke
Like a tattoo I stay on her body
Need some swim trunks, slip and slide inside it
She get butt naked in my player pad
She call me zaddy, but I'm not her dad
Leaked on the bed, she so messy
She unload my clip till it's empty

Do ya deed
