You know I stay with keys, my pockets stuffed with garlic naans (Racks)
My bro don't know how to read but he still know how to weigh a block (Block)
Throw shots at me on the 'Gram but real Gs never stir the pot

Born with a whole lot of manners (Manners)
I'm fuckin' on Dirty Diana (Diana)
Can't walk in my shoes, you know what it take
Run with the reel like it's bitin' the bait
I'm knowin' that all the real niggas were late
They started hatin' when I came out the gate
Sticks with me and I'm totin' them sticks
Fuck-nigga mad 'cause I fucked on his bitch
Came out the mud and they hate I got rich
Can't be two-sided, I'm bangin' that six
Gave him a 9, got lil' brother the hit
Now where we go, eat the shrimp with the grits
Never can never fall in love with no thot
I get her kicked out like my [?]
Been had the vision and I'm on a mission
I love all my niggas, we live so relentless
Boss when we hop in them Maybachs and Bentleys
I got me some top and put dick in her kidneys
She told me I was the realest to hit it
I hop in a Lambo', go handle my business
I just been tourin', been gone for a minute
She don't complain 'cause she know I been gettin' it
