

## Just Happened

NAV

I just wanna hear you say you miss me  
I know it hurts you every time you diss me  
When I'm fucked up you the one I'm always hitting  
When I lost you feel like it lost one of my kidneys  
I did what you wanted, got these bitches off of me  
I don't know why you stopped fucking with me  
You gotta new man but you looked better with me  
Don't act like you don't know me, I knew you since 17  
I need you to trust me and believe in me

It happened one time on repeat  
I just happened to find me a freak  
Fruits of my labor, got a Georgia Peach  
I just happened to take her with me  
She just happened to get on her knees  
She just happy she rollin' with me  
I just had that bitch sign a release  
I just happend to be from the streets  
I just happend to start makin' beats  
I just happened to turn out elite  
I like the feeling of sand on my feet  
So I brought a Draco to the beach  
On my birthday she came home for me  
Now I got her kids under my sheets  
Brought her friend and she say she a freak  
Now we bout to do something by the three  
Fuckin' bitch after bitch  
Got a sickness, I'm sick  
I know your man isn't shit  
I got his car on my wrist  
Don't give any of these girls a kiss  
Most likely hit it and quit  
You the only one that I miss

I just wanna hear you say you miss me  
I know it hurts you every time you diss me  
When I'm fucked up you the one I'm always hitting  
When I lost you feel like it lost one of my kidneys  
I did what you wanted, got these bitches off of me  
I don't know why you stopped fucking with me  
You gotta new man but you looked better with me  
Don't act like you don't know me, I knew you since 17  
I need you to trust me and believe in me

It just happened that I never quit  
It just happened that I hit a lick  
When I was with you girl I wasn't shit  
It just happened that I turned out rich  
Shopping, stoppin' I pose for a pic  
It just happened that I bought Fendi kicks  
It just happened that I fucked that bitch  
It just happened that I thought with my dick  
Girl I'm sorry I broke your heart  
But you knew how I was from the start  
Now I feel like we driftin' apart  
When I celebrate you should be a part  
I just got my first song on the charts

I just bought my momma a car  
I turned my home boys into stars  
When I'm shopping I fill up my cart  
You should be with me  
Gotta die Bobby and Whitney  
Signed with XO and now none of these labels can pimp me  
Now I'm getting the money so simply  
I just hope that you miss me

I just wanna hear you say you miss me  
I know it hurts you every time you diss me  
When I'm fucked up you the one I'm always hitting  
When I lost you feel like it lost one of my kidneys  
I did what you wanted, got these bitches off of me  
I don't know why you stopped fucking with me  
You gotta new man but you looked better with me  
Don't act like you don't know me, I knew you since 17  
I need you to trust me and believe in me
