

One Time

NAV

You buy the drink at the bar
You want to fuck in the car
I'll show you just who you are
You said goodbye at the bar
I guess it's right if it's wrong

Girl, I see, yeah, I see
It's a one time hit for a nigga, for a nigga like me
Girl, I see, yeah, I see
It's a one time hit for a nigga, for a nigga like me

Think I'm in the ceiling when you fuckin' with a star
Girl, just drop a pin, I'm pulling up to where you are
Everything I get it come with options 'cause I'm famous
Had a special moment, still can't tell you what her name is
Plug into your socket, let me be the one in charge
I can be your mirror, I can show you who you are
Can't be seen in public with you, I'm taking a risk
Every time you use your phone, I think you're being slick
Focus on the moment, don't know how long we'll live
I know that she going, she got tats on her ribs
There's not a lot of people that can do what I did
Damn near suicidal, almost slit both my wrists
Soon as I pull up, it's just as fast as I'm gone
I've been going off, don't know how long I'll stay on
See it in your eyes, you wanna fuck me 'cause I'm lit
I'll let you decide, you gotta make it quick

You buy the drink at the bar
You want to fuck in the car
I'll show you just who you are
You said goodbye at the bar
I guess it's right if it's wrong

Girl, I see, yeah, I see
It's a one time hit for a nigga, for a nigga like me
Girl, I see, yeah, I see
It's a one time hit for a nigga, for a nigga like me

Pretty bom-bom-bom-bom-bom-bom
Lucky, lucky charm, ya, ya, ya, ya
Pressure made diamonds with icy
Pollutin' through the trenches so swiftly
Bought a bulletproof chest, solitary
Covered up in chinchillas and LV
All these diamonds on me curb, bitch, fast scene
One and one, I wanna put it on you, girl

Totally loaded, fully auto' for well and envy
I'm going for the title and the gas, no ignition
Pollution in my club, so I'm on drugs when I hit it
Like a VIP now, you can head on a mission
Thought I was screwed, sixteen ounces of water
Bitch a mermaid and she trip down the water
I hit it and she pray to a nigga like a God
Cleaning like a maid every time she give me mop
I know my swagger gotta always be up to par

Smash on this bitch, make money on my day off
(Bitch a mermaid and she trip down the water
I hit it and she pray to a nigga like a God)
