(I feel like she deserved everything I gave her)

She want to know where I'm at
So she pullin' up on me (Me)
And this chain around your neck (Oh)
Ain't no given up on me
Bought her a bust down Patek (Bust down)
Now that girl is stuck with me (Stuck)
I bought you two, where you at?
Don't you turn your back on me

It's easy gettin' attached
But I put Sheneneh on your feet (Your feet)
I think before I react (Yeah)
'Cause I don't want to cause a scene (No way)
My lil' jit from the trap (Trap)
Gotta pay my taxes, gotta keep all my receipts
Put my squad on my back (Back)
Keep my wolves fed, gotta keep 'em off the streets

I just need a girl who gon' understand (Understand)
When I'm bugged out, help me make my plans
Stack it up tall, help me count my bands (Stack it up tall)
A stand up girl that never takes the stand

She want to know where I'm at
So she pullin' up on me (Me)
And this chain around your neck (Oh)
Ain't no given up on me
Bought her a bust down Patek (Bust down)
Now that girl is stuck with me (Stuck)
I bought you two, where you at?
Don't you turn your back on me

Now she gettin' stuck with me (Stuck)
If I get caught with it
She'll be on the run with me (On the run)
