

To My Grave

NAV

Shootin' shit up, 'fore we shoot the fade
I got secrets that I'm takin' to my grave
Talkin' that language
My squad don't know how to behave
Gotta work on that change to the game
I'll never be a slave
Stackin' my racks dog
You got my back dog
Cover my back dog, yeah (Cover my back)
I know Zoe's and Macs dog
Chopper blow your back dog
If you play with my racks dog, yeah

Can't take no risk, ever since I went legit
If you got my back, grab the chopper let it rip
I grab my stick way before I lace my kicks
Gotta keep a stick, with these diamonds on my fist (Yeah)
I stay with snakes, yeah, they slimy and they hiss (Slatt)
Y'all did great, tried to line me and you missed (Yeah)
Heavyweight, my watch cost more than a brick (More than a brick)
I couldn't wait, copped the Urus with the kit (Skrtrt)
