I told these niggas don't hit my jacket, I'm flyin' private

I drip that sauce up on that green, I'm thousand island

We on that young nigga shit, you know we stylin'

Put some Chanel's on that ting, it made her goddess

I came a long way from them bank deposits

All that shit that we done went through, now we got it

Sixteen, fuckin' hoes in the lobby

Bad tings, I'm on they neck like a violin

More wings than a jet, I got them risin'

We just kickin', havin' sex on an island

And I told all the betters I'ma work it, nonstop it

Hell nah, I won't let up, got them birds from the posse

Yeen got no money, then just shut up, you erased from the topic

I hit your bitch, man, havin' sex like where my hide is?

I keep that Drizzy, fuck them niggas pocket watchin'

I'm havin' so much spill that it's toxic

And I stay on that pill, gimme that body

First time I sold some work, I got it on consignment

First grade, I went to school ain't hand in my assignments

Might take a vacay, twenty bitches on a island

If I see it and I want it, then I'm buyin'

It's harder bein' fake so what's the point in lyin'?

I been through so much pain like what's the point in cryin'?

Ain't pullin' over, never sober when I'm drivin'

On tour, I get drugs every city I arrive in

Makin' songs, I came a long way sellin' remix

I got so much rings that I could cover three fists

Pay for everything, but I can't stand a cheap bitch

Bust down AP, this is not a cheap wrist
