

# Don't Get It Twisted

Navy Blue

Uh huh

Yeah

Hold on, I couldn't hold a bad day  
So on, so forth, I gotta say  
What's on my mind, what's on my heart, I am my momma baby  
Toe on the line, I think I gotta bang it  
Go on, and that's a simple task for Navy  
Slow-mo', I don't know what I be saying  
Sometimes, when I unwind, I learn a lesson or two  
Gratitude was in my presence, let the blessing pursue

Opinionated, I respect it, but I'm next with the truth  
Why you front all the time, like it ain't nothin' to do?  
Proof was in the pudding, keep it pushin' and move  
Bro, you know the knit sweater match the white on my shoes  
No one could ever steal my peace, nigga  
True to peace fleetin' when the trees hit her  
That's real, I'ma speak my peace on these rhythms  
Sung 'bout relief when I release venom  
Don't worry 'bout how it sound, 'cause we get it  
My worries is by the pound, I'm still stricken  
I know more than before, but I still listen  
I found joy on the board, we was just children  
Tryna get it how we live, and turnin' pro was the mission  
Now Big Kev, Lil Kev, me and Nak in it  
Arm, leg, feet, head, takin' me the distance  
Mid city homestead, don't get it twisted  
Don't get it twisted, nigga

Uh

We gon' run it back one more time for you niggas, uh

Hold on, I couldn't hold a bad day  
So on, so forth, I gotta say  
What's on my mind, what's on my heart, I am my momma baby  
Toe on the line, I think I gotta bang it  
Go on, and that's a simple task for Navy  
Slow-mo', I don't know what I be saying  
Sometimes, when I unwind, I learn a lesson or two
