

eastbound

Navy Blue

Yeah yeah, yeah
My lighthouse shining summer, spring
My sisters take the fall with me forever
Yeah, forever, yeah
My family, been some casualties
My auntie told me dream and seek forever
Yeah, forever, yeah yeah

I got ten to the east, yeah
I don't know which way they went, yeah
My folks, they from the south, uh
My name caught deep in the pavement, yeah
Nigga, aren't you still in the house?
Little sister the last one knowing, yeah
Grow on the path I've chosen
Don't you worry Ma, I'm golden, yeah
Sun gon set in the west, west
Blessed by the grace I'm holding, yeah
Skin color, clay so golden
I was there when the light did approach him
Turn from the way I've noticed
When I'm in the shade, I'm focused
Most of the time my pops was a culprit
Repairing a bond that's broken
Looking back, I could see it all
See my mama face
And love was written in the stars
Oh God, oh God
I know my grandma God, is my mama God
It's all the same, it's all the same
In his name, in Jesus name we pray, uh

My lighthouse shining summer, spring
My sisters take the fall with me forever
Yeah, forever, yeah
My family, been some casualties
My auntie told me dream and see forever
Yeah, yeah, yeah
When all my fears in front of me
I know the sadness won't last forever
Yeah, forever, yeah

I said thank you mom for loving me
She told me that it is a pleasure
It is a pleasure, yeah
Now I know, my replies you don't
Time to face your problems, boy
Can't mask the pain with smoke
Now I know, my replies you don't
Time to face your problems, boy
Can't mask the pain with smoke
Now you know, no you don't
Ma replies, "you don't"
But I'm learning, it's called growth
It's called growth

Women are human

All women are human
Women are human
All women are human
