

## heart at ease!

Navy Blue

Jeez, the spliff done put my heart at ease  
Fuck, my best of luck, I'm trekking blowing tree  
Bruh, I've seen enough, I seek the steady stream  
Whoa, for all I know it's only but a dream

Damn, I don't wanna smoke no sativa  
Tell me why they kill all our leaders  
Time spent wasting, know I need a hug  
My sister know wassup 'cause a nigga close to her  
Yea yea, 'cause a nigga close to her  
And when I'm down know my girl gon' hold me up  
Momma smell like argan oil and Egyptian Musk  
In your god I'll never trust (I'll never trust)  
'Cause my god is within us  
Momma bred her a winner, words exchanged over dinner  
Tryna dwell on this love because my pain growing thinner  
I hope you remember

Jeez, the spliff done put my heart at ease  
Fuck, my best of luck, I'm trekking blowing tree  
Bruh, I've seen enough, I seek the steady stream  
Whoa, for all I know it's only but a dream
