

# Miracle

Navy Blue

Praise to the utmost, faith in the most high  
Draw from the same source, indigenous on both sides  
Story of a brown boy, bumping Black On Both Sides  
I got a lot on my plate tasking always multi  
How many times I told myself Sagey don't cry  
Imma need a miracle, Imma be the miracle  
That's why the music resonating with the spirituals  
If you don't got nobody with you, pray somebody hearing you  
We all need someone, unravel until I'm undone  
Knot up in my damn chest, I wish that I could burn one  
But I ain't trying to do that, to see it gotta move back  
Evaluate my movements and act upon it soon after

Leave it in the past now, Imma write a new chapter  
I done seen it cap size and sink up into blue matter  
I know Navy Blue matter, changing at the right time  
I'm climbing up the truth ladder, I can see the ocean  
Gratitude emotion, causally coasting, reflect up on my lifestyle and wonder where my hope went  
Present in the right now and when it's all over  
I be working diligent with all this exposure  
As I grow older, see the world it ain't kosher  
I be moving too fast gotta take it slower  
Sober as I can be, I'm learning composure  
Ain't nothing that I can't be is weight up on my shoulders  
The story of a stoner and a self loather and a self harmer, but them is placer holders  
Now I mention closest, but I'm in control of my destiny and motives Imma seek closure  
Imma seek closure
