

Round & Round

Navy Blue

All of me is real I don't condemn the feelings that I feel
Have my very essence killed and rebirth was bound to happen
Caught a massive wave as I return in Saturn
Dismiss the chatter in my brain as I refrain from hurting me certainly
Flourish from my circle dream turn a leaf turn to stone
I'm not burning trees turn to me and tell me what you see?
I know I earned the feat I was turning grief word is bond
Turn around and saw myself within my worried moms
All the times carry with me on my back release the latch
I need something fast I need a fix
Kept my lips closed I'm thinking when and if could've should've
Black coffee cane sugarcoated notice when I wrote it
Leona is a writer she seen me at my brokus
I couldn't keep from fighting surrender where the hope is
I open like a Lotus I don't have many leaves
Just my frame of mind is spoken I can't rewind the loathing
I provide it solely
It hurt the most for those who know me now they see me growing
I accept the man that I became cause God knows I'm not alone
Too many people feel the same way the same pain
The same trauma same everything I gotta lot to say
I'm comfy in my name I'm comfy in my skin
The truth I was afraid of and now I can't pretend

As we go round and round and round
As we go round and round and round
Uh
We go round and round and round
Uh, uh
We go round and round and round
Uh
All of me is real
Round and round and round
Uh
All of me is real we go round and round and round
Uh
Uh
We go round and round and round
We go round and round and round
We go round and round and round

They look like big good strong hands don't they
I always thought that's what they were
Uhh
