Navy Blue

I spent some days 'round here
I spent some days 'round here

I spent some nights
I spent some days, but it's OK
Tomorrow seems so far away
Pray from demons yesterday
She on my mind, she driving me crazy
I do it with [?] at Gilbert Arenas
I'm dozing off and my navy blue sky [?]
My block is your street, rice and beans, that's what we eating
Gold noose [?] I'm high, been low
