

Nothing like paying Ma a visit  
Same eyes, Timberwolf, you know the big ticket  
Switch  
Four leaf clovers over head, shoulders, knees, toes  
God body, I am not a ghost  
Keep em close  
Tethered to the past by a rope, teeth show  
Never did I falsify the shit I hold dear to me  
Clear as day, must erase what we don't need  
Stay in place, hate the shade, sun rays guide me  
Pick a day and a time, blessings will arrive then  
Blessings will arrive then, say a prayer  
You or mine, it's simple to try  
Simple to try

I recognise I got nothing but time on my side  
Ancestors gon' ride for me  
Uh  
Grandmomma said I got my Grandfather eyes  
Know who I am and I own it with pride sister  
Ugh, I recognise I got nothing but time on my side  
Ancestors gon' ride for me

Nothing like paying Ma a visit
