

# WGOWM?

Navy Blue

I needed stats, see my purpose, get inertia when attacked  
My self wrath, don't ask me  
Wishin' I was back asleep in the back seat  
The fourth time I heard my brother's speech, can't change me  
My momma raised amazing me  
My father seed is just a gracious being  
Hard to believe that shit without a reason  
'Cause what I'm goin' through is just emotional  
Let my moments stew, it's nothing overused  
I can't stand being a man as obtuse  
Came from eating Cuban bread, a cup of guava juice, the right way  
My light stay with me through the haze  
The darkness away get me, can't stay with me  
Life is funny how it happens with the same envy  
Hard headed boy, get up off the damn pavement  
You better if you let up, it'll take you  
Watchin' how your face move  
We peepin' how your eyes sit, said it in a way or two

Better yet, I digress, my livelihood is paid in full  
I don't know what the fuck is going on with me  
I hope I never leave, the better me just got away  
Nothing set in stone, my purpose that alone  
Keep a fire lit, I regret never leaving me alone  
I don't know what the fuck is going on with me  
I hope I never leave, the better me just got away from me  
Nothing set in stone, my purpose that alone  
Keep a fire lit, I regret never leaving me alone  
I don't know what the fuck is going on with me  
I hope I never leave, the better me just got away from me  
Nothing set in stone, my purpose that alone  
Keep a fire lit, I regret never leaving me alone
