

Magic

NAYEON

Uh
Feels like magic
Yeah

I'm so cute, so fly, so dangerous
Everybody know me
You ain't never met somebody so glamorous
Bet you wanna come see (Ah)
Love when I do it like that (In my bag)
Feeling like a cool, cool chick
Know how to keep it on track (Check my style)
Baby, I'm a whole package

(Oh) You love it when a girl get sassy
Keep things classy, yeah, that's me though
(Oh) You on me like a paparazzi
Don't harass me, just follow
Simple as one, two, three (Uh, uh)
And I got you on lock, boy, you already know
Can't take your eyes off me
Eenie, meenie, miney, moe (Oh)

I might be out here looking lavish
Watch me doing damage
Yes, I got that magic, magic
Bet you wanna come touch but you can't have it
Baby, I'm a savage
Ain't it just like magic? (Magic)

When I put a spell on you
And the energy starts to build, you got it
When the feeling gets stronger
(It's just like) Just like magic
When the rhythm goes through you
And the melody starts to get hypnotic
Once you get it into you
(It feels like) Feels like magic

Abracadabra
Come get a touch of magic
Uh, bam, alakazam
I make you feel like magic

Uh, in a minute no limit when I start this (Uh-huh)
All day, all night, winning like a boss chick (Oh)
'Cause I run the game with charisma
Under my spell with my magical mixture

(Oh) You love it when a girl get sassy
Keep things classy, yeah, that's me though
(Oh) You on me like a paparazzi
Don't harass me, just follow
Simple as one, two, three (Uh, uh)
And I got you on lock, boy, you already know

(It's just like) Just like magic (Ooh, ooh, ooh)
When the rhythm goes through you
And the melody starts to get hypnotic
Once you get it into you (Ooh)
(It feels like) Feels like magic

Tonight, I wanna dance just a little bit
Uh, I'm gonna rock, rock, rock that
I'm going out for the thrill of it
Uh, I'm gonna shake, shake, shake that
Oh, you gotta have it (Hey)
I got the perfect magic
Yeah, I'm the baddest (Ooh)

I might be out here looking lavish
Watch me doing damage
Yes, I got that magic, magic
Bet you wanna come touch but you can't have it (Have it)
Baby, I'm a savage (Oh, just like, yeah, yeah)
