

Changed

Naykilla

Ooh, baby, I don't understand
How you get inside of me
Well, I understand there's a lot of flaws in myself
And I'm trying to accept you the way you are

But you're still on your ego
And kept on ignoring me
I'm okay, if that's what you want
But you're still on your ego
And keep on ignoring me
I'm okay, if that's what you want

But you changed
But you changed, changed, changed, changed, changed
But you changed, oh, oh, oh
Why'd you change, change, change, change, change?

'Cause I thought I needed you, babe
But I need myself more
Day by day, it's getting obvious
You're against everything
Or you're only with me 'cause you're lonely
There's some much thing I imagine with you

(But you changed)
Oh, oh, oh
Changed, changed, changed, changed, changed
Why'd you change? Oh, oh, oh, oh
Why'd you change, change, change, change, change?
(Why'd you change?)
(Why'd you change?)
(Changed, changed, changed, changed, changed)
Ooh, ooh, ooh, ooh, ooh
(Changed)
Ooh, ooh, ooh, ooh, ooh
(Oh, baby, changed, changed, changed, changed, changed)
(Oh, changed)
(Why'd you change, change, change, change, change?)
